

ENGINEER OF LIGHT.

light source

special features

Energy efficiency category A/A+/A++ 22-26 V; DC connected load Power consumption approx. 5 W luminous flux approx. 460 lm luminous efficacy approx. 92 lm/W light distribution direct, wide-angled beam colour temperature neutral white, approx. 5000 K >= 70

color rendering index (CRI) glare control screen IP67 System of protection class of protection Ш technology switchable operation external

aluminium, painted, black luminaire body lamp cover glass screen

balance of articulation joints friction weight (net) approx. 0.9 kg

mains lead approx. 3 m; with free stranded wires **Fastening**

screw-down flange

Flood with 30° angle of radiation

illuminance
